

**Building
confidence
for success in
languages**

Sorry. There's no
money left for
additional funding.

student confidence

teacher confidence

**networking, collaboration, journals,
support for all sectors of language learning
plus lobbying at the highest level**

Handing over

volere è potere

languages provision in first schools

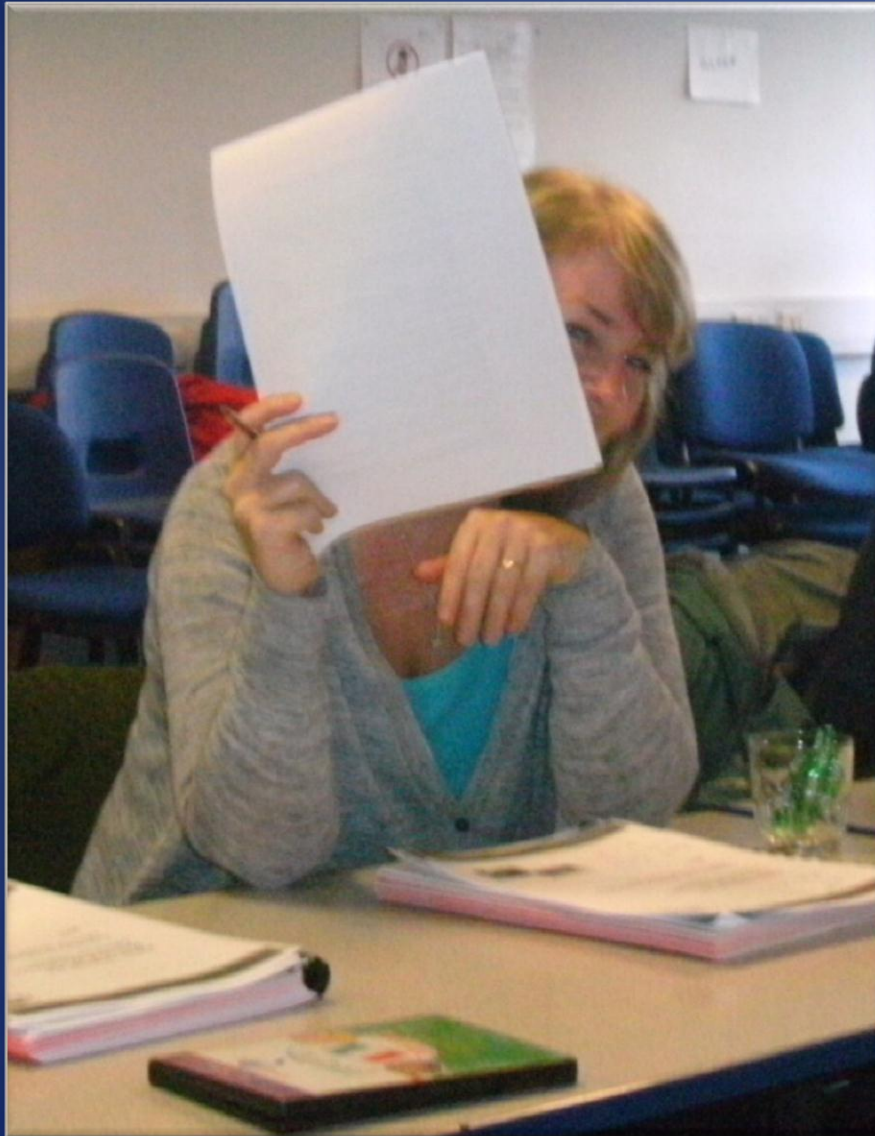

**5 first schools
chose Italian**

**3 first schools chose
German**

Building confidence by:

- ✓ support mechanisms
- ✓ improving linguistic skills
- ✓ collaboration
- ✓ exploring pedagogy
- ✓ understanding CLIL
- ✓ finding cultural resources

Empowerment to:

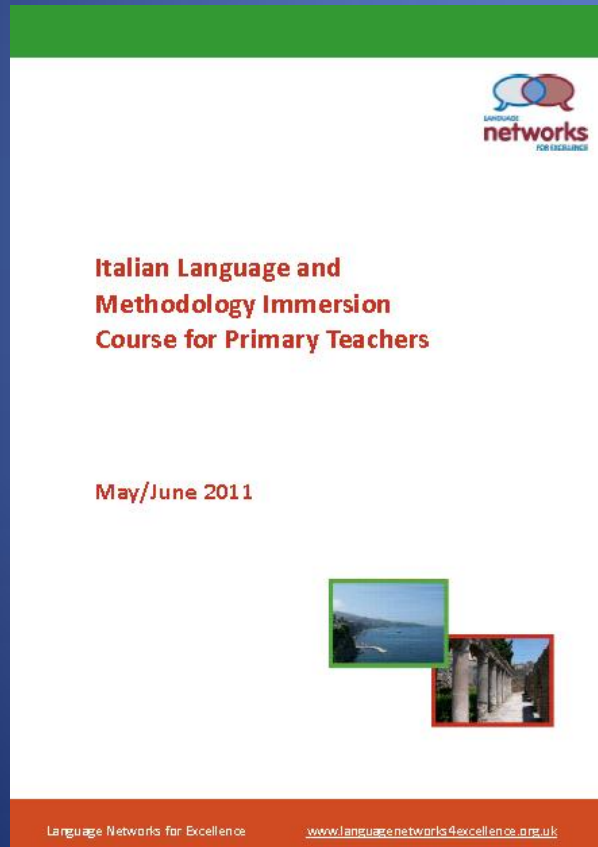

- ✓ deliver language learning
- ✓ aid cultural awareness
- ✓ include KS2 elements...
- ✓ ...taught through German
- ✓ ...or through Italian
- ✓ help pupils to use language for real purposes

I thought that it
wouldn't work.
I have never been
any good at
languages and
was amazed to
see how quickly
the children
picked it up.
