+ Other events you might suggest

On the LINE

Your CPD

The NE partners work together to support Language teachers and learners throughout the region at reasonable cost and in convenient locations.

Events currently in planning are listed on a handout in your pack.

Please discuss what additional specific needs you foresee for yourself / your establishment in the coming year and make a note here. We will then discuss what we might be able to provide.

Most of the local events are hosted and run by volunteers; if you would like to host an event in your own school, open to others nearby, please note your name, email and institution name here:

Events run by the NE colleagues can only be put on if properly costed.

Events run with ALLNE involvement are always cheaper for ALL members, as a membership benefit.

If you have not yet joined your professional Association you can do so this evening!

If your colleagues at school do not yet belong to ALL, please recruit them!

The more members we have, the more we can do!
